

Continuing Guaranty from Seller to Buyer

Oeko-Tex Standard 100

The undersigned, Delta Apparel, Inc. is a corporation engaged in the sale and marketing of textile products, fabrics or related materials subject to the Oeko-Tex Standard 100.

Delta Apparel hereby declares that the components used to produce the above-mentioned products, fabrics and related materials comply as described in the Oeko-Tex Standard 100 Norms, section 3.76 Product classes, points 3.7.3 and 3.7.4 according to the above-mentioned standard.

Delta Apparel hereby declares that the components used to produce the above-mentioned products, fabrics and related materials comply with the content of harmful substances as described in the Oeko-Tex Standard 100 Norms, section 3.1. Harmful Substances are in limits as stated in the Appendix 4 and 5 of the above-mentioned standard.

Delta Apparel requires all suppliers of components used in manufacturing Delta Apparel product to have conducted reasonable and representative testing of their raw materials and have issued written confirmation that their products conform to the above-mentioned Oeko-Tex Standard 100 Norm.

Dated, signed, and executed this 25th day of January, 2024
